

CHICAGO BASED FELLOWSHIP

DATA LEADERSHIP ACADEMY

CHICAGO, IL

Atlantic Research Partners' Data Leadership Academy is a **5-day** intensive program designed to **build capacity and leadership in school teams** around **data-driven instructional strategy** and **decision making**.

The academy will take part in sessions throughout the 2017-18 school year focused on data analytics and instructional strategies.

At Atlantic, we've developed a framework to push the frontiers of student achievement. We want to coach our Fellows to do the same. Sessions will immerse fellows into sessions around analyzing data, set appropriate student goals and use tools to track progress. It is our goal to develop visionary leaders who can lead the charge to unparalleled student achievement.

PROGRAM FEATURES & BENEFITS:

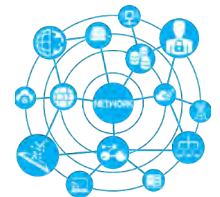

- Small cohorts of schools
- Workshop aligned with assessment calendar
- Appropriate and timely feedback on student data
- Peer to peer collaboration time
- Best practices sharing from schools
- Experts from field of education analytics and experienced practitioners
- Provides CPDU credit to all participants
